* The mean population for the year is obtained as follows;—To the population at the end of the preceding year add four times the population on the 31st March of the year under review, twice the population on 30th June, four times the population on the 30th September and the population on the 31st December, and divide the total by 12, which is the method now in use throughout the Commonwealth of Australia. Each quarterly mean is arrived at by adding together the number of the population at the beginning and at the end of the quarter and dividing the sum so obtained by two. † Excess of departures over arrivals. ‡ Decrease.

‡ The principal Public Hospitals and Institutions for the sick and aged, which unfortunately increase the death rate at the expense of the hygienic condition of the districts where they are situated, are located as follows:—

Metropolitan Area:

Perth.—"Perth Public Hospital," "Home for Destitute Women," and "Victoria Hospital" (Infectious Diseases).

Fremantle.—"Fremantle Hospital," "Lunatic Asylum," "Quarantine Station," and "Home for the Aged."

Claremont.—"Hospital for the Insane" and "Home for the Aged."

In each of the other Registry Districts, as a rule, a "Government Hospital" is situated in the principal town, into which cases from the surrounding Districts are received.

Coolgardie.—Here, in addition to the Government Hospital, is situated the "Consumption Sanatorium."

The following is a list of Private Hospitals, as recently given by the several Clerks of Municipalities and Secretaries of Roads Boards, situated within the Metropolitan Area:—Perth, 7; Subiaco, 3; Leederville, 1; Fremantle, 3; Midland Junction, 1.

according to Registry District, Sex, and Age at Death.

The net Loan credits and debits to the fund named have been: Credits—Railways, £18,498 18s. 7d.; Harbours, £14,089 12s. 5d.; Goldfields Water Scheme, £28,604 6s. 8d.; Water Supply Generally, £4,117 18s. 11d.; Sewerage, £8 8s.; State Batteries, £982; and Agriculture, £8,542 6s. 7d. In charging interest on Works for the year, allowance has been made for these transactions, the interest on the balance being charged to Roads and Bridges (one-fifth) and Public Buildings (four-fifths). The balance is construed as a kind of advance Loan flotation for these works, on which it will doubtless be expended.]

No. 5.—*Number of Holdings from which Returns were received for the Season 1908-1909, arranged in Acreage Series, and distinguishing Statistical Districts, Sub-Districts, and Areas of Western Australia.*

NOTES.—1. *The (rectangular) areas* adopted, which are shown on the map attached to this part of the *Statistical Register*, are comprised within the sheet lines of the Standard Plans of the Survey Department. Being permanently fixed they are units that can be readily sub-divided and re-grouped at any future time into new districts and sub-districts, without impairing their use for comparative purposes. Except where the areas are broken by the sea coast or other causes, the area numbers here printed in black type represent areas of 8,437½ square miles each, whilst those printed in ordinary type represent areas of 937½ square miles each. 2. Areas in parentheses and marked with an asterisk (*), are those for which the returns, if any, have been included in those of an adjacent area where the homestead is situated. In most instances, however, they are entirely unoccupied. Areas marked (*a*) are portions of areas only.

[b] The reason why Returns relative to certain alienated and leased land are not obtained under the Statistics Act is mainly to be found in the fact that it has proved impracticable for the Statistical Collectors to enforce the provisions of the Act in connection with land which remains *entirely unimproved or unstocked*, and also in a lesser degree in the fact that small holdings under one acre in extent are exempted from supplying Returns. The Statistical returns are, however, collected from all lands over one acre in extent on which improvements have been effected, and upon which Agricultural or Pastoral pursuits are carried on, and, therefore, comprise all lands the obtaining of Returns from which would serve any practical purpose.

* Children under the age of seven years are not criminally responsible; those who have attained that age, but are still under fourteen, are only criminally responsible if it is proved that at the time of the offence they were capable of knowing that they ought to have acted otherwise. In the above table charges have been included concerning children under seven and over fourteen. Neglected children, formerly dealt with in this table, are now tabulated separately, *see* Tables Nos. 39 and 40.

* Exclusive of cost of Administration. † Up to and including 1895 the numbers given are those of the "Assisted" or State-aided Denominational Schools. By "The Assisted Schools Abolition Act, 1895," all grants-in-aid to these were abolished from the 31st December of that year. Thereafter these schools ranked as "Private" schools, as distinguished from "Government" schools. The figures for 1896 and onwards include all private schools, secondary as well as primary, though one of the former (the Perth High School) is subsidised by the State. The average attendance, and, consequently, the percentage of attendance to enrolment at these schools from 1896 is partly estimated, some of the returns forwarded being obviously incorrect. ‡ Not ascertained previous to 1897. § Including schools closed during the year. *a* From and including 1897 the percentage of attendance to enrolment has been calculated on the basis of "average attendance" to "average enrolment." *b* Including one undenominational school, particulars of which are not included in next three columns. *c* Year ended 30th June.

NOTES.—*Denominations.*—When two or more Religious Denominations authorise the same Instructor or Instructors to give religious instruction, the children who attend such are entered in Records and Returns as if each such denomination formed a separate and distinct class.-

* For convenience sake, the heads of the Methodist, Presbyterian, Congregational, and Baptist Churches have agreed that clergymen belonging to any one of these denominations may be considered as the authorised delegate of the other three. Therefore, the attendance by a clergyman is credited to the denomination whose minister imparts instruction. † Special religious instruction has been given in 246 distinct schools.

B.—GENERAL RELIGIOUS INSTRUCTION.

This instruction, which excludes dogmatic or polemical theology, is given in all schools. The number of children withdrawn from it, in accordance with the written request of parents, amounted to 1,744, made up as follows:—Roman Catholics, 1,500; Hebrew, 108; Seventh Day Adventist, 29; no denomination, 10; Church of England, 37; Methodist, 17; Presbyterian, 9; Baptist, 3; Christadelphian, 1; Lutheran, 1; Agnostic, 8; Church of Christ, 3; Mohammedan, 3; Plymouth Brethren, 4; Congregational, 1; Protestant (undefined), 7; Freethinkers, 3.

* The monthly barometer mean readings since 1885 are taken from the 9 a.m. and 3 p.m. daily readings. Prior to that the mean of the noon readings was used as the monthly mean. *Correction for Gravity*—·034 has not been applied above. † Readings omitted on account of being unreliable. ‡ The thermometers were moved in August, 1885, to their present position in the Botanic Gardens, and as they have apparently given a slightly lower record since then, the means have been taken from 1886 only.

No. 5.—*Rainfall in Western Australia during 1908.*

With averages (to the end of 1908) for all stations having at least five years' records.

NOTE.—The stations are grouped into districts, and these are subdivided into square degrees, which are figured according to the latitude and longitude of the N.W. corner of each square, the first two figures representing the latitude and the last two the longitude, less 100°. Thus Perth is in the square 3115, showing that its latitude is 31° odd minutes, and its longitude 115° odd minutes. The mean rainfall for each square degree is adopted from all the stations situated in that square having complete records for 1908. The average is taken for all years up to and including 1908.

a From the first settlement of the colony up to the year 1837 there were no Blue Books issued, and the figures relating to arrivals and departures, shipping, imports and exports were taken either from the reports of the Harbour Master at Fremantle or from the Perth newspapers of that period. From 1837 to 1859, inclusive, the Blue Books give only the excess of arrivals over departures, or *versa.* *b* No records obtainable. *c* Including allowance of 5 per cent. for unrecorded departures.
